Summary of reasons for decision:

The computer image file printout is deemed objectionable because it promotes and supports the exploitation of young persons for sexual purposes.

The file shows a pubescent girl posed with her breasts and part of her pubic area displayed for the camera in a sexualised manner. The purpose of the image is to sexually titillate or arouse adults with a sexual interest in girls. The availability of this material is likely to encourage this sexual interest and strengthen the idea that girls may be used for adult sexual gratification. The effect is to encourage the sexual exploitation of young persons.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
